

FIX 8 300mL

- Structural Adhesive Silicone**
(Available: White, Antique White, Black)
- Structural bonding of most substrates
 - Suitable for marine exposure
 - Above waterline bonding including synthetic decking
 - Can be used for under waterline screw fitting seals
 - Medium modulus stays flexible
 - Weatherproof and U.V. resistant
 - Cannot be stained or painted over
 - 600ml MOQ applies

FIX8FN 300mL

- Expert Finishing Silicone**
(Available: Aluminium and Translucent with anti mould)
- Smooth to apply and bonds to most substrates
 - Suitable for above waterline marine exposure
 - Weatherproof and U.V. resistant
 - Suitable for acid rain zones
 - Excellent smooth shiny finishing
 - Medium modulus stays flexible
 - Cannot be stained or painted over

FIX8HT 300mL

- Structural Silicone RTV-1 Thixotropic structural bonding**
(Available: White & Black with anti mould.)
- Structural bonding of most substrates
 - Good green strength to hold before cure
 - Suitable for marine exposure
 - Suitable panel and direct glass bonding
 - Above waterline bonding and interior bonding
 - Can be used for under waterline screw fitting seals
 - High modulus and high shore A hardness
 - Weatherproof and U.V. resistant
 - Cannot be stained or painted over
 - 600ml MOQ applies

FIX15 290mL 600mL

- Multipurpose Exterior /Interior Bonding & Sealing**
(Available: Black, White, Grey)
- All fittings, fixtures and fastenings
 - UV stable, age resistant & weatherproof
 - Thru hull fittings
 - Primerless adhesion to many surfaces
 - No bubbles for perfect finish
 - Waterproof sealing and wipes
 - Saves time and costs
 - Paintable when wet and flow coat after 2 hours
 - Bond above and below water

FIX190, FIX 190FWT 290mL 600mL

- Structural Exterior / Interior & Glass Bonding & Sealing**
(Available: White and Black. Std & Fast)
- Primerless adhesion to many surfaces
 - Bonding to all structural foam core materials
 - Structural bonding Fly-bridge & Deck to Hull
 - UV Stable, age resistant and weatherproof
 - Direct glazing bonding & sealing
 - Bonding components, panels etc. (PP blend fiberglass & aluminium)
 - Drinking water safe
 - Waterproof sealing and wipes
 - Excellent impact resistance
 - Thru hull fittings
 - Bond above and below water

FIX200 310mL

- Polymer Window Silicone**
(Available: Black)
- Ideal for Acrylic, Polycarbonate and Glass profiles
 - Structural bonding & sealing
 - Primerless adhesion to many surfaces
 - UV stable, age resistant and weatherproof

FIXCLEAR 290mL

- 100% Clear Multipurpose Adhesive Sealant**
- Mirrors, veneer panels, LED and optic fibre lighting
 - Insulation and internal bonding
 - 100% waterproof

FM30 FUEL MASTER FAC240 500mL

- Specialist Fuel Tank Adhesive Sealant**
- Thru tank fittings
 - Internal baffle bonding
 - Lids and inspection hatch bonding
 - 5m head pressure tested

MP101 EXTRA FINE WHITE 2K FILLER 1 Kg

- (Available: White with Red activator)
- 2 pack ultra smooth finishing filler
 - Quick to cure and 30 minute sandable
 - Ideal for fiberglass, timber, steel and aluminum
 - Paintable
 - Must be sealed for application below waterline

FIX3 600mL

- Synthetic Flooring Bonding Adhesive**
(Available: Teak)
- Bonding Flexiteek, Composite PVC, Cork deck etc.
 - Primerless adhesion to many surfaces
 - Suitable working time, excellent bonding performance.
 - Good flexibility
 - Excellent shock and sound absorption
 - Waterproof, weatherproof, UV stable
 - MOQ applies

FIX30 600mL

- Universal Construction, Floor & Tile Bonding Adhesive Sealant**
(Available: White)
- Bonding Teak Deck, Stone & Ceramic Tiles
 - Primerless adhesion to many surfaces
 - Good working time, fast strength build-up
 - Walk on in 12 hours, no bubble formation
 - Age resistant and waterproof
 - Excellent shock and sound absorbance
 - No fasteners required

FIX1DC DECK CAULKING 300mL 600mL

- Improved Chemical Cleaner Resistance Teak and Cork Deck Caulking**
(Available: Black, Slate Grey)
- UV Stable, heat, age resistant, waterproof and weatherproof
 - Excellent resistance to soap cleaning
 - Elastic and does not go hard or brittle
 - Easy to apply and sand for a great finish
 - No bubble formation
 - Not paintable
 - Slate Grey available in 600ml only

TEAK CLEANER 5 Ltr

- Teak Deck Beautification System**
- 1 part Teak cleaner and conditioner system
 - Not harmful and 100% biodegradable
 - Retain's the teak natural oils and no damage to caulking

FMP100 & FMP200 FIXIT 750gm 310 mL

- Structural Rigid Timber & Foam Core Bonding**
(Available: Transparent Paste and Honey Liquid)
- End grain bonding
 - Strong as epoxy
 - One component only
 - Clamping required for 1-2 hours only
 - Fast turn-around time
 - All foam core bonding
 - One component must be porous
 - Invisible timber joint
 - 100% waterproof also bond wet on wet

PR20 PLASTIC PRIMER 1 Ltr

- (Available: Clear)
- Polypropylene Plastic surface bonding primer

FIXSEAL FIX1060 Kit sizes: 500mL, 2L, 8L, 40L

- Timber & Porous Substrate Epoxy Sealer**
Type: Solvent
Colour: Transparent Yellow Tint
- 1:1 mixing ratio, leave for 30 min before applying
 - Penetrating to porous substrates
 - Suitable for teak deck caulking pre-sealing
 - 12 hour open time
 - 100% waterproof after cure

FIX 2 125ml

- Multipurpose Adhesive Sealant**
- Good bond strength on a wide variety of substrates
 - Non yellowing white
 - High performance mechanical properties
 - Flexible elastic rubber when fully cured; movement accommodation up to 20%
 - No bubble formation within the sealant
 - Primerless adhesion to most common substrates (Compatibility tests recommended)
 - Easy to tool and finish
 - Excellent extrudability and UV resistance
 - Can be painted with all water based paints and many other systems* (Compatibility tests recommended)

APPLICATION TOOLS

- FG4 Heavy Duty Caulking tool for cartridges 150mL to 310mL**

- FG5 Pneumatic Caulking tool for cartridges 290mL to 310mL with pressure regulator.**

- FG7 Manual heavy duty caulking tool for sausages up to 600ml.**

- FG8 Pneumatic Caulking tool for sausages up to 600mL, with pressure regulator.**

- FG11 1:1 ratio, side by side tool for up to 400mL cartridges.**
